

**LAURA  
JUAN**  
CABERNET  
MALBEC

DATA SHEET

**Grape varieties:** Cabernet Sauvignon 50% - Malbec 50 %

**Vineyards:** Located in La Consulta, Uco Valley, Mendoza. Stone and Sandy soils in the foothills of Andes mountains, at 1100 meters above sea level

**Harvest:** handpiked in 18 kgs bins.

**Winemaking:** Cold prefermentative maceration for two days. Fermentation at controlled temperature of 25 ° C for 8 days with the addition of selected yeasts and permanent control of ph and acidity. The natural malolactic fermentation was done with French and American oak.

## TASTING NOTES

It has a deep red colour with elegant violet tones. A bouquet it shows aromas of plums, ripe black and wild berries with a hint of pepper. On the palate, it achieves a perfect balance between its sweet tannins and the typicality of the fruit of the Cabernet Sauvignon and Malbec.
